SOCIALISTS OF ALLIES TO HECKLE GERMANS

Stockholm Conferees to Demand Reparation for Belgium, Serbia, France and Rumania

PARIS, May 28. Two Russian Socialists have arrived here to confer with French Socialists regarding the international peace conference to be held at Stockholm.

They revealed today that the following subjects will be discussed:

Annexations and indemnities, the right of the people to dispose of their own destinies, the establishment of a league of nations after the war to defend the equal rights enjoyed by all nations on land and sea, arbitration, the rights of colonial subjects and the responsibility in the present conflict.

By ARTHUR E. MANN

STOCKHOLM, May 28.

If the general "peace conference" of So-cialists materializes here the German detexates can expect a busy time of it from

A definite general plan of many Socialist delegates, now here and who have sym-pathy with the Allies, was formulated to-day to make the Germans explain a large fumber of things. One point on which these Allied sympathizers would like light from German Socialists is how in the name of internationalism they can attend a general Socialist conference after voting repeated German war credits to a Government guilty of the violation of the neutrality of selezium. lly of Belgium.

The German Socialists must also prove their sincerity to a number of the neutral delegates by agreement that Germany's peace terms shall include the "ittmost reparation" to Belgium, France, Serbia and mania-and the return of Alsace Lorraine to France.

Among nearly all neutral representatives Among occarly all neutral representatives here a movement for adaptation of the principles of the American League to Enforce Peace as the basis of future welfare of the world is under discussion. It was pointed out today that Socialists expected, if such a set of principles were urged, America's support could be counted on at once, with that of a number of Latin-American remubiles.

SPANISH SHIP TO CARRY U. S. RELIEF TO BEIRUT

Secretary Lansing Asks Spain to Bring American Citizens Out of Syria

WASHINGTON, May 28. Several months ago Congressman Moore, cting for certain Jewish instrumentalities, bitained the connect of the State Depart-nent for the shipment of certain relief supies to Syria and also to bring away cer plies to Syria and also to bring away cer-tain citizens from that place. Why the De-partment was obliged to change its plans owing to war conditions is revealed by this letter from Secretary Lansing to Mr. Moore: "Replying to your letter of May 2, rel-ative to the possibility of securing trans-portation from Syria for the four children of Salim Lotuff. I have the honer to in-form you that, at least for the present, it has been found necessary to abandon the plan of sending the U. S. S. Des Moines and

olan of sending the U. S. S. Des Moines and he U. S. S. collier Caesar to Beirut for he purpose of transporting relief supplies o Syria and of bringing American citizens

away from that place.
"The Spanish Government, however, through the Spanish Ambassador at Washington, has recently offered to furnish a Spanish ship for the purpose of transport-ing the relief supplies collected by the American committee for Armenian and Syrian relief to Beirut; and the Depart-ment, in thanking the Spanish Ambassador for this offer, inquired whether it would be possible for this ship also to bring American citizens out of Syria. This in-quiry has been transmitted by the Spanish Ambassador to his Government and the De-partment is still awaiting an answer

"WATCH M'CORMICK," WINSTON WARNS LANE

Independent Leader Says G. O. P. Should Not Scare Votes Away

'McC'ormick-he'll get you if you don't

This theme, phrased more elegantly we tossed at David H. Lane today by John (Winston, independent political leader, as reply to the Republican city committee chairman's admonition that "Penrose had better watch his step" before starting the threatened investigation of the Brumbaugh dministration.

Mr. Lane, expressing the hope that there would be no probe, said. "I never knew of an investigation yet that did anything beand helping to throw out the party in

"There's another side that Mr. Lane probably overlooks. With the present strong sentiment behind the Wilson Administra-tion, the Republicans will need all of the Democratic votes they can get, and they'c

better not drive them away.

"Besides, many Republicans are tired of the way things have been going on at Harrisburg, with all the factionalism there. "So, altogether, Vance McCormick as a Democratic caudidate for Governor is likely to make them all sit up and take notice. That line of thought does not occur to Mr.

ane when he talks about the Brumbaugh nvertigation." State Senator Edwin H. Vare would not comment on the Lane opinion.
"I've been quoted so many times on this
Brumbaugh investigation matter that it
would be useless to say anything now," he

said. George Wentworth Carr, independent, said he had no opinions on the subject.
State Senator James P. McNichol was not
in his office. It was said he was "somewhere over in the Hall," but in a tour of the municipal building he was not visible
